Sir,

With reference to your letter No L 8276/Ml 88-43-73 dated 12/2/44 in the matter of the free grant of site to the Mahila Seva Samaj at Chintamani, I have the honour to state that though the -- institution has been working only for a year, plenty of enthusiasm is observed, and the institution has made arrangements for the -- teaching of music, Hindi and English and has not been able to do more for want of a habitation of its own Its stability is fairly assured, because there is a committee of gentlemen helpers to assist the committee of ladies managing it They have already collected Rs 4,000/- by donations from the generous merchants of the place and benefit performances, out of the estimated cost of Rs 5,000/- for the main building, and are eager to start the construction, -- before the completion of which they hope to make up all the money required I am sure the building will come up within six months, provided they get timber, cement and other materials After the main building is constructed, they wish to take up the construction of a building for Sisuvihara in the same compound as an adjunct to the Samaja, and between the two buildings and the play grounds -- required for the children and ladies too in course of time, the site proposed is not too big Further more, the site is hedged in on all sides by existing buildings as will be seen from the site plan and can only be one unit and no more, as any little bit reserved out of it cannot be enough for any other purpose In the -- circumstances, I request you to kindly communicate the sanction of Government very early to the resolution of the Municipal Council subject to the following two conditions viz ,

P T O

conditions viz ,

1 That the site is liable to be resumed by the Municipal Council, if the building is not completed within six months,
